## CATANESE CLASSIC MEATS PORK

Under the Classic Meats brand, you will find a variety of traditional and heritage breeds of livestock from family-owned American farms that employ sustainable and regenerative agricultural practices.

We currently carry a product mix of both Duroc and Berkshire breeds, sourced both locally and nationally. Our Premium Natural Duroc Pork is antibiotic free, 100% vegetarian fed and humanely raised in the USA. Our 100% Kurobutoa Berkshire pork is responsibly raised on family farms across the Midwest with no subtherapeutic growth hormones, uniform feed rations, humane handling, no antibiotics and a breed that has not been genetically modified.

Below is our current inventory list of product, however we are adding new items to our catalog daily! If there is something that you are interesting in carrying and do not see on our list, please contact your local sales rep for more information.
